What is the tax-deductible donation used for?

This money is presented to the disabled, sick and disadvantaged children or their respective organisations along the Just4Kids Motor Trail. We also make donations to the various schools we visit to help with any special projects they may be involved with.

Additional funds are distributed throughout the year to Just4Kids projects and through the Just4Kids Youth Support Program

Can my entry and other associated costs be sponsored by an organisation?

Yes, you can obtain sponsorship for your entry and costs if you wish, the majority of entrants do. The \$750 (now \$500) donation per person is 100% tax deductible. Details about Just4Kids and their charity status and registration forms are available on the website.

Do I need a four wheel drive?

The route is only suitable for 4x4 vehicles.

All entrants intending to do the Telegraph Track will need specific set ups for their vehicle. Please obtain a copy of the "TJM recommended compulsory and suggested items" for your trip, by downloading the list from our TJM Cape York vehicle requirements link. All vehicles will be scrutineered prior to the Event's departure date and will need to pass this requirement before starting the Motor Trail.

Please check with the Motor Trail Director, Mark Louez, well in advance about the circuit conditions Ph: 0747 59 1450 or 0429 090 199. Keep in mind that conditions may vary from the official survey date. There will be an option on this Motor Trail to do the Telegraph Track, or take an alternative road, to the top. Any person intending to do the Telegraph Track will need to be experienced in 4x4 driving. For any person wanting to do a 4x4 driving course prior to our 2012 Event, please contact Dave Darmody, P7, through our website. Dave is a licensed off road driving instructor and is familiar with our requirements.

Can entrants dress in a theme, as well as decorate their vehicle?

Yes, as we will be visiting schools and large groups of children, a theme for your entry is encouraged and POINTS are awarded for the most innovative themes.

Do I have to provide my own meals and arrange accommodation along the way?

No, this is organised by the volunteer committee and all meals are part of your entry costs (please see above).

If you have special dietary needs arrangements will be put in place to manage your requirements. You will receive a form for this on registration which must be filled out and all personal information is held in a sealed envelope by our medic.

All you will need to do is just relax, have fun and enjoy the day in the country. Your accommodation will be pre organised and a list sent to you upon receipt of your entry form and the \$950 car entry. It is up to the individual entrants to book and pay for their own accommodation using this list.

You can travel with an off road 4x4 campervan if you wish to reduce your costs. You can also tow a camp trailer, just keep in mind that the roads can be very corrugated and any trailers will need to be in good condition. You will also need to carry a range of trailer spares. All towns we are visiting have camping grounds and/or caravan parks. If road conditions change it may prevent off road campervans from travelling on the Just4Kids surveyed route. The Motor Trail Director will advise well in advance as Just4Kids has a scout team to check conditions each day.

Will there be mobile phone coverage in the towns we are visiting?

Your digital phone will be limited in its coverage in the Cape York area

The Telstra Next G during the survey had coverage in some areas including Bamaga and Thursday Island and also Seisia. Telstra pay phones are available. A phone card and coins are recommended.

Just4Kids Satellite Phone 24/7 numbers to receive or send a message will be issued at a later date.

A list of all overnight stops, with the address and phone number of the Motels and Caravan/camping Parks will be provided following receipt of your entry fee.

Officials will have satellite phones if you need to make an emergency call from a remote area.

Is there support if my vehicle breaks down?

Yes, there are service crews to assist you if you break down.

Driving to the conditions of the road with lower speeds and good tyres with a vehicle that's is not overloaded makes for a trouble free event. You should carry a range of hoses and belts etc as spares are difficult to source on the trip.
