Christmas is nearly upon us, and the holiday season.

Time to start planning your 2015 motor trail adventure.

The Just4Kids survey team finalised the circuit last month and it is amazing. Remote—yes. Beautiful—yes.

Unusual locations—yes. Tick them all off your bucket list by joining the **2015 TJM Crocodile Safari** next July.

We have incorporated part of the Qld School Holidays

to help encourage families to join us. This is a trip for the **WHOLE** family so check out our website www.just4kidsmotortrail.com.au for all the relevant documents, including the Registration form, FAQ and the itinerary. Our Motor Trail Director, Mark Louez, has all the answers to any queries you may have regarding your vehicle set up, the route and 'must haves' for the event. You can contact Mark on 0429090199.

Please forward your completed entry form to kerin@just4kidsmotortrail.com.au to receive your pre arranged accommodation list. Camper trailers welcome.

Hummingbirds Early Intervention and Education Service *Caring for Children of All Abilities*

Love, appreciate, savour are three words which resonate when you step into the Hummingbirds nest. Hummingbirds Early Intervention and Education Service was founded in late 2012 and has been operating in Redland Bay since March 2013.

Hummingbirds EIES is a childcare service for children aged zero to five of all abilities, whether they are typically developing or have extra challenges. The vision and passion for this stems from the personal story and journey of Rebecca Glover whose youngest daughter Ruby has complex needs. When searching for childcare/ respite options Rebecca discovered there was nowhere which could provide the level of care she needed and expected for Ruby. Not only was it a matter of finding care for Ruby, but also somewhere she could attend with her older sister Sophie.

Just4Kids supporting our community

Hummingbirds is a service offering small group and individualised day care and support to children with a disability or special need, as well as siblings. Based in Redland Bay, Queensland, we offer a holistic approach to the child and families' needs which includes an educational, therapeutic, social and nurturing environment. At Hummingbirds we live and work with the vision of being persistent in pursuit of your dreams and what you hope for your child's future. We envisage a service full of life, laughter and healing.

A Parents Story

"My son Ollie has been attending Hummingbirds Early Intervention and Education Service for 18 months now. Since he has been attending the service, I have seen a very positive leap forward in his development- in the way of social awareness, speech and movement. The unique approach at Hummingbirds, sees a higher staff to child ratio, which ensures that the children get a lot of one on one time with the educators, which enhances learning and allows them to reach their fullest potential. He is very well loved, understood and supported at Hummingbirds and we are very happy with our care so far

We really appreciate Rebecca to have access to the Hummingbirds car as it allows the staff to take the children on outdoor excursions, which Ollie thoroughly enjoys as he has sensory issues and sometimes being inside in a confined environment can be a little overwhelming for him. There is also the possibility in the future for one of the educators to meet the Brisbane Families halfway between Brisbane and Redland Bay, to collect the children to take them to the centre (which would be a really big help as otherwise it is an hour drive for us)."

Sincerely, Leah James.

OAQ Hire, through our good friends Sam and Michelle Putzolu, have donated the use of a 4WD vehicle for us to utilise on the 2015 TJM Crocodile Safari. Without the support of companies such as OAQ Hire, we could not assist community groups such as Hummingbirds through our grants program.

On the completion of the **Townsville 4WD Extreme** event in February this year, J4K was presented with a donation cheque by organiser Paul and his wife, that has enabled us to assist a couple of local families. The date is yet to be confirmed but it will all be happening again in 2015 and we will be there bigger and better than this year. Can't wait, it was an awesome weekend enjoyed by all.
