### The Difference

What more can Queensland offer for a self drive tag along? Take in the views of the heritage gold town of Charters Towers, visit sights such as the Hall of Fame at Longreach, marvel at the Dinosaur tracks at Lark Quarry. A full package event! That is our difference.

Apart from all the fun, laughter, music and dirt track driving, there is a very serious side to the Just4Kids Motor Trail. Our entrants and supporters raise funds through various functions prior to and during our event. Many local communities have benefited from our visits and it's a wonderful feeling seeing the joy and gratitude in their faces. We are always welcomed back with open arms.
